MEMORANDUM

TO: John Arntz, Director of Elections
Angela Calvillo, Clerk of the Board

FROM: Mollie Lee **(ML)**
Deputy City Attorney

DATE: November 1, 2010

RE: Election Results and Effective Dates of Ballot Measures

In this memorandum, we summarize the process for reporting election results and the effective dates of ballot measures that may be adopted at the November 2, 2010 general election. Please note that further action by the Board of Supervisors (the "Board") and, in some cases, the Secretary of State, will determine the effective dates of measures adopted by the voters. Dates provided in this memorandum are only estimates.

Reporting Election Results

- **Preliminary results** – As soon as the polls close on Election Day, the Department of Elections ("Department") begins tabulating vote-by-mail (absentee) ballots and precinct ballots and compiling the results. *See* Cal. Elections Code § 15150. The semifinal official canvass continues until all precincts are accounted for, *see id.*, and the Department reports preliminary results on Election Night. But because of time constraints, the preliminary results do not include vote-by-mail ballots that the Department receives on or shortly before Election Day, provisional ballots, and ballots with write-in votes.
- **Processing vote-by-mail and provisional ballots** – In the days after an election, the Department continues to process ballots that could not be counted by Election Night. Each afternoon, the Department releases updated results that include the vote-by-mail and provisional ballots processed that day.
- **Final results, local contests** – The Department must complete the final official canvass of votes and certify the election results within 28 days of the election. *See* Cal. Elections Code § 15372. The Department submits the certified results to the Board, which must then adopt a resolution declaring the results of the election. *See id.* § 9269, 15400. Certified copies of any Charter amendments adopted by the voters must be filed with the California Secretary of State, the San Francisco Assessor-Recorder, and in the San Francisco archives. *See id.* § 34460. The copies filed with the Assessor-Recorder and in the San Francisco archives must include certified copies of ballot arguments and other election materials. *Id.*
- **Final results, state contests** – Based on results submitted by counties around the state, the Secretary of State compiles results for state offices and measures and certifies these results within 38 days of the election. *See* CA Elections Code § 15501.

RE: Election Results and Effective Dates of Ballot Measures

Effective Date of Ballot Measures

- **Local initiative ordinances** – Unless the text of the measure provides otherwise, local measures adopted by the voters go into effect 10 days after the Board declares the results of the election. *See* S.F. Municipal Elections Code § 380. The Board will likely declare the results of the November 2, 2010 general election on December 7, 2010, which would mean that local initiative ordinances adopted at this election would become effective on December 17, 2010. The last regularly scheduled meeting for the Board to declare the results is December 14, 2010, which would mean that initiative ordinances would become effective on December 24, 2010.
- **Charter amendments** – After the Board certifies the election results, the Director of Elections must submit to the Secretary of State a copy of any charter amendment adopted by the voters. *See* Cal. Elections Code § 9269. These amendments become effective when they are accepted and filed by the Secretary of State. *See* S.F. Municipal Elections Code § 380; Cal. Govt. Code §§ 34459, 34460. We estimate that Charter amendments adopted at the November 2, 2010 general election will be filed with the Secretary of State, and will therefore become effective, in mid- to late-December.
- **State Measures** – State measures are effective the day after the election, unless the text of the measure provides otherwise. *See* Cal. Const. art. 2, § 10(a) (state initiatives and referenda); Cal. Const. art. 18, § 4 (constitutional amendments and revisions).

November 2, 2010 Local Measures

We list below the date each local measure will become generally effective, if adopted by the voters at the November 2, 2010 general election. Please note that a measure may establish different effective dates for all or part of the measure, or may require further action before the measure is fully implemented. We have attempted to note this information below, but further research may be required to determine when particular ballot measures will be fully operative. Interested parties should not rely on this memorandum as a substitute for consulting with an attorney.
