**LIST OF CITY BOARDS, COMMISSIONS, AND ADVISORY BODIES  
CREATED BY LEGISLATION**

**Last updated January 4, 2016**

This document lists all boards, commissions, and advisory bodies of the City and County of San Francisco (the “City”) that have been created by the City Charter, City ordinance, City resolution, or California statute. The City Attorney’s Office prepared this list in response to the Civil Grand Jury’s June 2014 report entitled “Survey of San Francisco Commission Websites.” That report found that “[t]here is no easy reference to all of the commissions in San Francisco,” and recommended that “[t]he City Attorney should ensure that there is an annual list of active commissions that is complete and listed alphabetically.”

The list below does not include the following types of bodies:

- City advisory bodies created by the Mayor or a City agency but not created or approved through legislation.
- Boards and commissions whose jurisdiction is not limited to the City (e.g., Association of Bay Area Governments Executive Board, Bay Area Air Quality Management District Board, and Metropolitan Transportation Commission).
- Boards and commissions that govern agencies in San Francisco but legally distinct from the City (e.g., Board of Education, Governing Board of the Community College District, Housing Authority Commission, Law Library Board of Trustees, Parking Authority, Health Authority, Local Agency Formation Commission, Commission on Community Investment and Infrastructure, and Oversight Board of the Successor Agency to the San Francisco Redevelopment Agency).

The list is separated into two alphabetized sections. The first section includes boards and commissions that have decision-making authority and whose members are required to file financial disclosures with the Ethics Commission under the City’s Conflict of Interest Code (S.F. Campaign & Governmental Conduct Code, Article III, Chapter 1). The second section includes boards, commissions, task forces, and other bodies that serve an advisory function, whose members are not required to file financial disclosures with the Ethics Commission. For each board, commission, or other body, we provide a citation to the section of the Charter or Municipal Code authorizing the body. Some boards or commissions are authorized under State law as well, but the list does not include citations to State law unless there is no local citation.

The list incorporates information from City Attorney Opinion 2014-01, which lists City boards and commissions to which the Mayor or the President of the Board of Supervisors make appointments (<http://www.sfcityattorney.org/wp-content/uploads/2015/10/OP-2014-08-18-APPOINTMENTS.pdf>), and the Clerk of the Board’s annual list of boards, commissions, committees, and task forces to which the Board makes appointments (<http://www.sfbos.org/Modules/ShowDocument.aspx?documentid=54617>). Some of the bodies listed below may not currently hold regular meetings, but the legislation authorizing them remains on the books.
