

DAVID CHIU
City Attorney

**LIST OF CITY BOARDS, COMMISSIONS, AND ADVISORY BODIES
CREATED BY CHARTER, ORDINANCE, OR STATUTE**

Last updated July 8, 2024

This document lists all boards, commissions, and advisory bodies of the City and County of San Francisco (the “City”) that have been created by the City Charter, City ordinance, or California statute. The City Attorney’s Office prepared this list in response to the Civil Grand Jury’s June 2014 report entitled “Survey of San Francisco Commission Websites,” and has updated it periodically. The Civil Grand Jury’s report found that “[t]here is no easy reference to all of the commissions in San Francisco,” and recommended that “[t]he City Attorney should ensure that there is an annual list of active commissions that is complete and listed alphabetically.”

The list below does not include the following types of bodies:

- City advisory bodies created by the Mayor or a City agency but not created or approved through legislation.
- Boards and commissions whose jurisdiction is not limited to the City (e.g., Association of Bay Area Governments Executive Board, Bay Area Air Quality Management District Board, Transbay Joint Powers Authority Board, and Metropolitan Transportation Commission).
- Boards and commissions that govern agencies distinct from the City (e.g., Board of Education, Governing Board of the Community College District, Housing Authority Commission, Law Library Board of Trustees, Parking Authority, Health Authority, Local Agency Formation Commission, Commission on Community Investment and Infrastructure, and Oversight Board of the Successor Agency to the San Francisco Redevelopment Agency).

The list below is separated into two alphabetized sections. The first section includes boards and commissions that have decision-making authority and whose members are required to file financial disclosures with the Ethics Commission under the City’s Conflict of Interest Code (S.F. Campaign & Governmental Conduct Code, Article III, Chapter 1). The second section includes boards, commissions, task forces, and other bodies that serve an advisory function, whose members are not required to file financial disclosures with the Ethics Commission. For each board, commission, or other body, we provide a citation to the section of the Charter or Municipal Codes authorizing the body. Some boards or commissions are authorized under State law as well, but the list does not include citations to State law unless there is no local citation.

Some of the bodies in the list below may not currently hold regular meetings, but the legislation authorizing them remains on the books. The list does not include bodies that the City Attorney has confirmed no longer exist.

A. Boards and Commissions Whose Members File Statements of Economic Interest with the Ethics Commission

- **Abatement Appeals Board** (Building Code § 105A.2) (members of the Abatement Appeals Board file as members of the Building Inspection Commission)
